RESUME

I am a second-year software engineering student at EPI Digital School in Sousse, with a growing interest in building practical and efficient software solutions. I'm currently seeking a summer internship in software development where I can apply my foundational knowledge, gain hands-on experience, and contribute to real-world projects. Curious by nature and eager to learn, I value teamwork, adaptability, and continuous improvement.

PROFESSIONAL EXPERIENCE

PFE Internship | Mobelite Labs   **January 2023 - June 2023**

- Developing a web / mobile application for exchanging toys online

PROJECTS

Kiddos Tradez   **January 2023 - June 2023**

- Kiddos Tradez is a web and mobile application for exchanging toys online. Developed with reactJS , react native and spring boot , the application gives a simplified solution for parents to exchange and sell unused toys.

JOBHUB   **October 2024 - December 2024**

- JOBHUB is a web application for job applications. Developed with the mern stack (reactJS / express.js) , the application gives the opportunity for entreprises to post available job positions and except applications from the condidates.

InvoicePro   **February 2025 - Present day**

- InvoicePro is a web application developed with next.js that proposes a solution for small entreprises to manage invoices and quotes.
